## BUILD A BETTER FUTURE!

Engineers use their imagination to invent, design, and build solutions to problems. By questioning how things work and inspiring critical thinking, our classes teach curious builders to think like real engineers.

## Why Early Engineers?

- 1 Our kids need the real world skills and experience that can only be gained through STEM (Science, Technology, Engineering and Math).
- 2 Each week, Early Engineers offers a new building challenge using a variety of materials such as Legos, K'nex, Citiblocs or even LED circuits.
- 3 We choose concepts that would otherwise not be covered until middle, or even high school. Think: *energy conversion, gravity, and amplitude.*

# OnStage Theatre Arts Workshops
